

47th AAVSO Merit Award

to

Kenneth T. Menzies

for his devoted service to the AAVSO as a meticulous and prolific observer, contributing more than 250,000 CCD observations; his outstanding commitment to improving the quality of all AAVSO data through mentoring new observers; his financial and intellectual contributions to the VPHOT Software team; and his thoughtful instruction of multiple VPHOT CHOICE courses. Kenneth has been an active member of the TG/TA Transformation team and the AAVSONet Task Force, a volunteer image inspector in AAVSONet, and a patient, thoughtful and ever-present resource on many forums, especially the VPHOT forum.
